

# KBM Corporation Introduction

KBM treasures the trust with customers and has been trying to give the highest satisfaction to customers.

# Company Outline

## KBM General Profile

- **Name** KBM Corporation
- **Date of Foundation** November 11, 2000
- **CEO** Mr. Yoo Byung-II
- **Employee** 57 employees (93 employees Including subsidiary company)
- **Turnover** US\$ 50.4million (US\$70.0million including subsidiary company)
- **Main Business** Manufacturing and trading of Cemented Carbide and Electronic Components

## Foreign Subsidiaries

- **KBM Japan**
  - Name** KBM Japan
  - Date of Foundation** December 20, 2007
  - CEO** Mr. Nakamura Hachiro
  - Main Business** Supplying Cemented Carbide and Electronic Components
- **KBM China**
  - Name** KBM China
  - Date of Foundation** March 07, 2011
  - CEO** Mr. Tao-Jian
  - Main Business** Supplying Cemented Carbide and Electronic Components

## Manufacture Products

### • Vacuum Metallization

Heatsource parts and thin film formation products used in Vacuum Metallizing

VM Coil

Evaporant

Electron/Ion Beam Filament

Evaporation Boat

### • Semi-conductor

Parts and equipment used for processing Semiconductor

Probe Pin

AlN Heater Coil

Moly Mesh

W/Mo Parts for Ion-implant

## Trade Products

### • (Raw) Materials

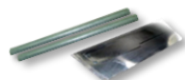

(Raw) Materials of Cemented Carbide such as Cutting Tools and Wear-resistance products

W-Powder

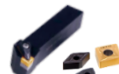

Co/Ni-Powder

Pure W/Mo Part

### • Cutting Tools

Cutting Tools such as Turning, Milling, and Drilling

Turning Insert

Milling Insert

Drilling Insert

Router

### • Semi-conductor

Parts and equipment used for processing Semiconductor

Probe Card

M-RAM

### • Diamond& Wear-resistant

Diamond Tools(Resin, Vitrified, Electroplated), Tungsten Wear-resistant, and Sintered Carbide Mold

PCD/PCBN/CVD Tool

Diamond Wheel

Tungsten Wear-resistant

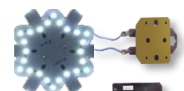

Mold

### • Others

Other products customers require such as Diamond Powder, Lamp, and LED product.

Precious Metal /Nonferrous Powder Alloy

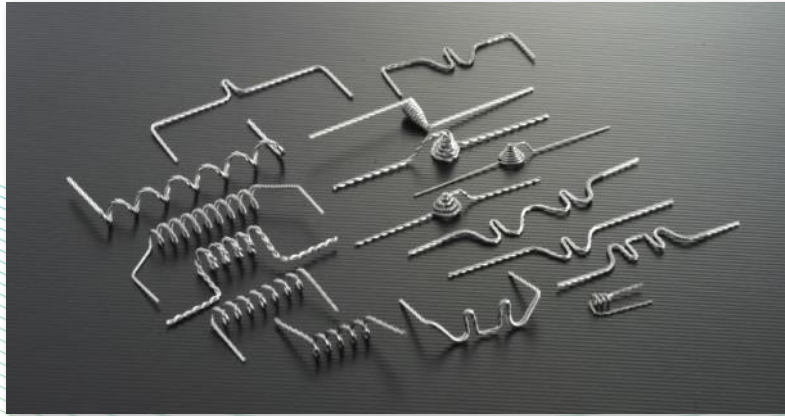

LED Product

Lamp & Part

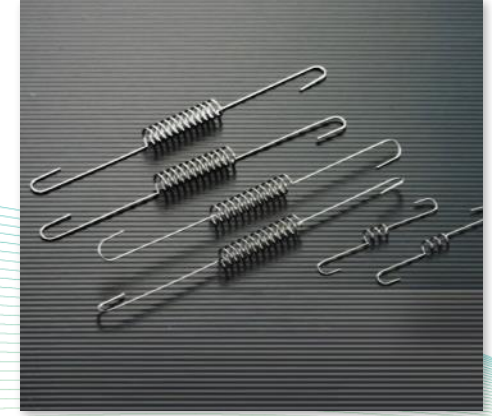

# Vacuum Metallization (Manufacture)

**VM Coil**

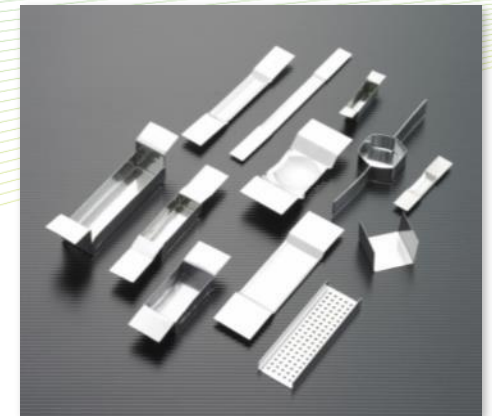

**Electron Beam Filament**

**Ion Beam Filament**

**Evaporation Boat**

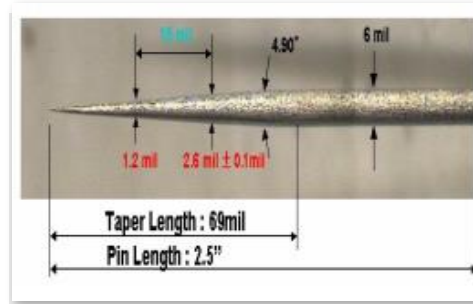

**Evaporation Boat**

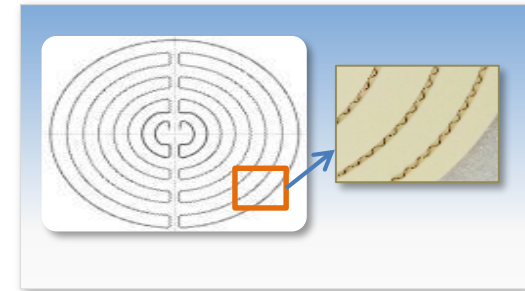

# Semiconductor (Manufacture)

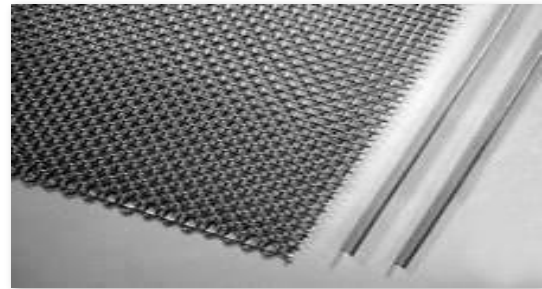

Filament for Ion Implant

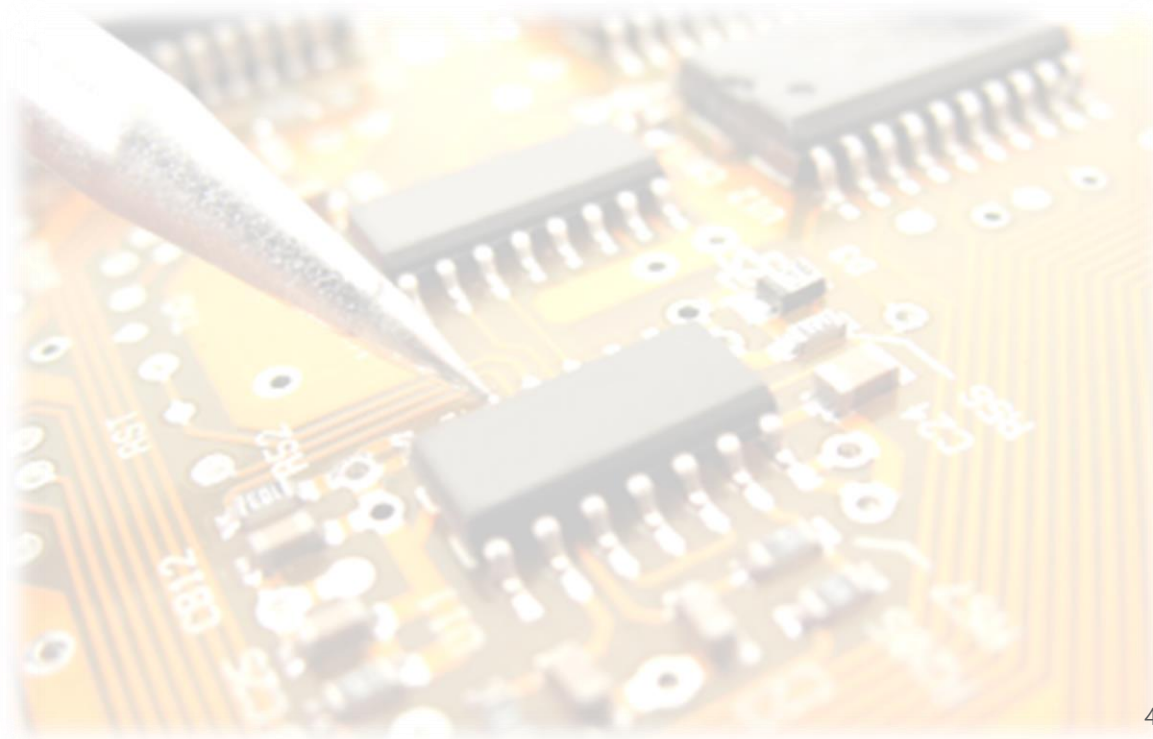

Wire Probe Pin

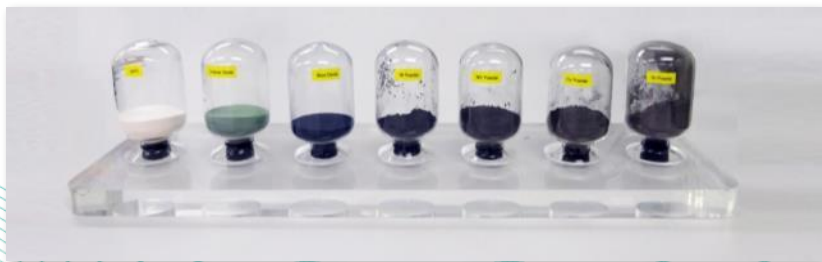

AlN Heater Coil

Moly Mesh

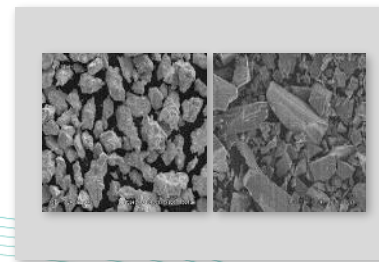

# Raw Materials (Trade)

W / Co / Ni / Mo Powder

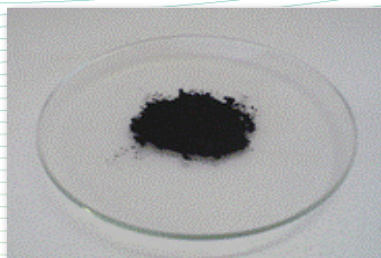

Thermal Spray Coating Powder

Additives for Carbide and Ceramic Tools

Ceramic Powder

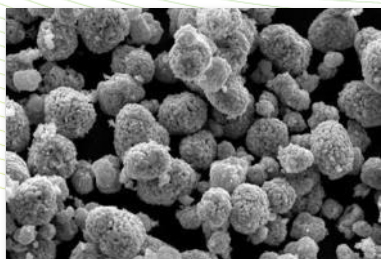

Ru Powder (Compound)

Ti Powder

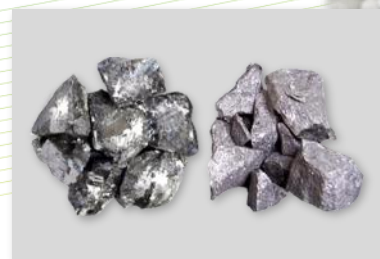

Zr Powder

NMC (LiNiCoMnO<sub>2</sub>)

Ultrafine Powder

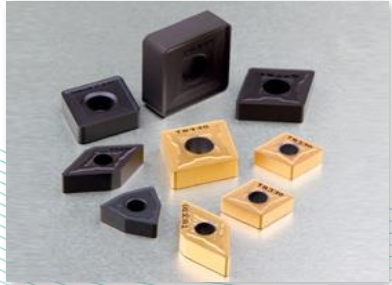

Ferro Alloy

Titanium Sponge

# Cutting Tools (Trade)

Turning Insert

Turning Holder

Milling Insert

Milling Cutter

Drilling Insert

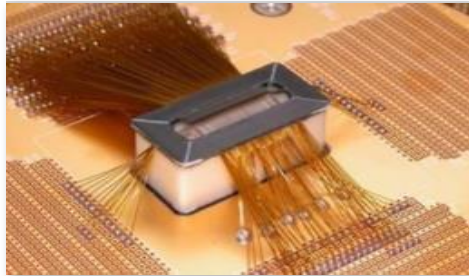

Router

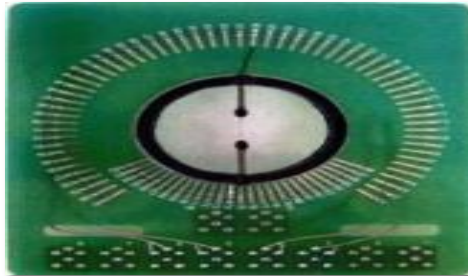

Micro Drill

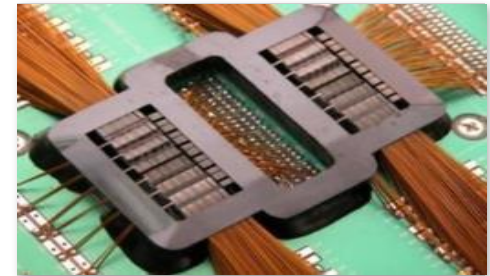

# Semiconductor (Trade)

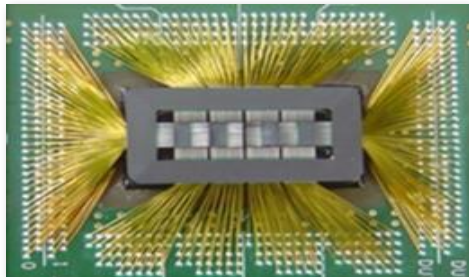

Probe Card for DDI

Probe Card for LED

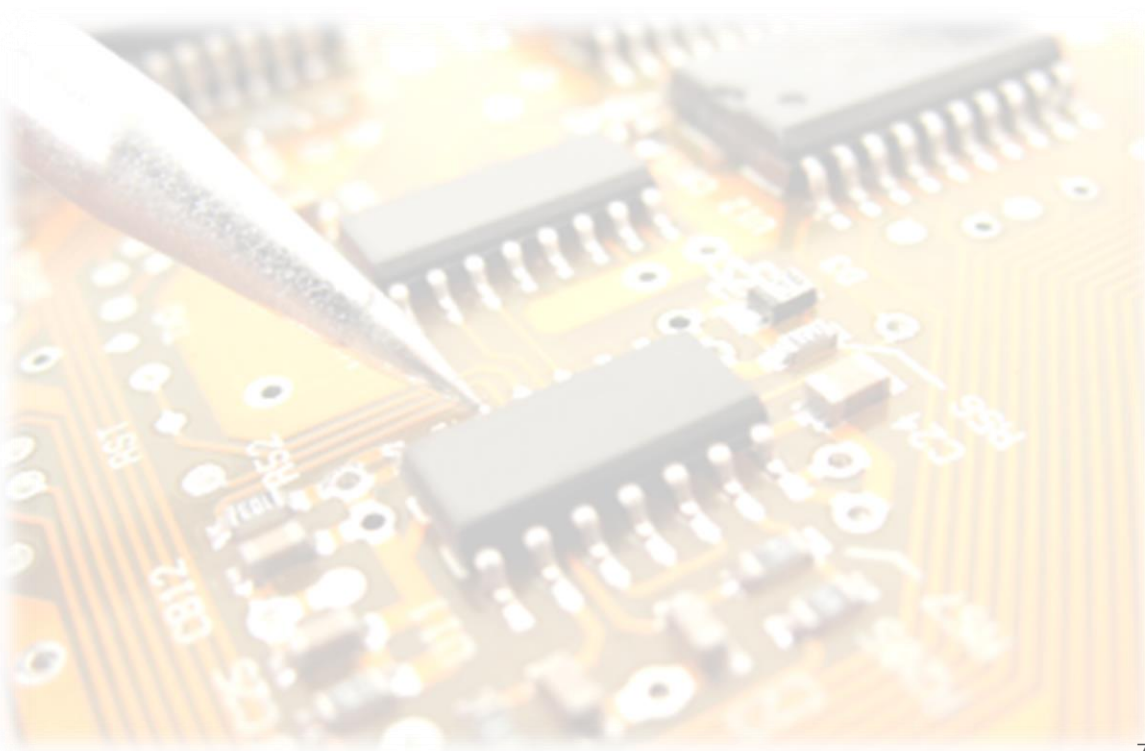

Probe Card for Memory

Probe Card for ASIC

M-RAM

# Diamond Tool/Carbide (Trade)

**Resin/Metal/Hybrid/Vitrified  
Diamond Tools**

**Electroplated Diamond Tools**

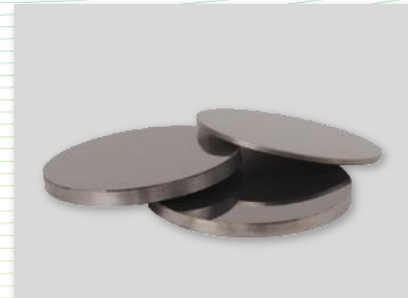

**PCD/PCBN/CVD Tools**

**Mold and Wear Parts**

**Tungsten Carbide Rod**

**PCD & PCBN Carbide Disk**

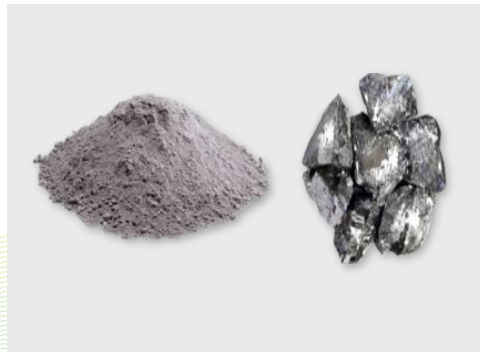

**Tungsten Carbide Roll**

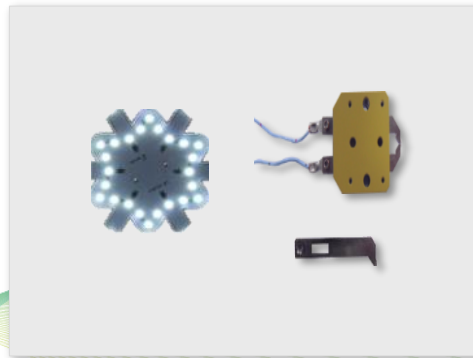

**Titanium Guide Roll**

# Others (Trade)

**Precious Metal /  
Nonferrous Powder Alloy**

**LED Product**

**Lamp & Part**

# Thank You

**Your Best Partner !**
